for an

Open House

WHERE

City Hall — 23340 Cree St, NW
Fire Station — 3740 Bridge St, NW

WHEN

Wednesday, December 14th, 2022
4:00 pm — 8:00 pm

WHY

The City continues to move forward with a project to construct a new city hall and fire station. A 2018 study identified existing limitations of both sites, and also proposed building one facility to house both. This option would reduce our footprint and overall expenses.

We are cordially inviting you to our open house designed with the intent to keep St. Francis residents informed, outline the project steps and provide available data.

Find a history, timeline and supporting documents of the footwork done thus far on our website at www.stfrancismn.org
