DEVELOPMENT APPLICATION

The City of St. Francis is pleased to consider your request. This letter and attached materials are intended to assist you with the formal processing of your proposal. Our goal is to make the review process as economical and efficient as possible.

Application / City Meeting

The attached materials outline the processing procedures, submittal requirements, and fees for various land use applications.

A meeting with City staff is strongly recommended for all types of proposals **before** processing of the application and payment of fees to help explain ordinance requirements, identify the details of the request, review concept plans, provide advice, and potentially avoid any unnecessary plan modifications or site design-related conflicts.

Required Fees / Escrow Deposit

A copy of the most current filing fees and escrow deposit amounts required by the City has also been provided for your reference. All fees must be paid at the time of application. No building permits will be issued until all bills and fees have been satisfied.

City staff will make every effort to keep costs at a minimum. Additional costs may be incurred due to lack of information, site or design problems, additional reviewing requirements or questions from the Planning Commission and/or City Council. You can have a significant impact on controlling these costs by submitting complete and comprehensive documents, plans, and designs which directly respond to the application procedures outlined. Incomplete submittals result in increased review time, unnecessary costs for the applicant, and may also result in rejection of an application.

Thank you for your review of this letter and attached information. We look forward to working with you on your request and application.
